April 2010

### About closest events:

**Movie and Pub night** – First we will watch a movie in TUT and after that go to the st. Patric’s pub in the center. A nice chill-out night all together!

**Curling** – your chance to try out the art of curling – sports played on ice, no skates needed, just the ability to sweep with broom ;)

**Adventure park of Nõmme** – we go climbing and jumping through different adventure tracks. Time to test your durability and resistance! Lots of fun guaranteed! ☺

**East-Estonian Trip**– During the two days we will visit both counties of Virumaa (East & West). Some of the places we’ll see: an underground mining museum (includes a traditional miners’ lunch), the highest waterfall in Estonia- Valaste (promise, it IS as powerful as the highest mountain in Estonia...), the oldest functioning nunnery, Rakvere Castle & the torture chamber, Toolse Order Castle.

THANK YOU!

We want to thank Sandra and the crew (Taavi, Jürgen, Urmas, Merka) for another great International Fusion, also big thanks to Reelika for the Ülemiste water station and Demo Center visit!
