THANK YOU!

Big thanks for all the tutors who helped to organize the Orientation Days, especially big thanks to Kaija and Kairi for the crazy Pub Crawling and also Mervet, Krista, Ronald, Reelika and Indrek who organized the Estonian Evening.

Past events:

Orientation Day lectures with some useful information and tours in the campus!

We also had crazy and fun Pubi Ralli - hope you enjoyed and it would be great if you share the pictures made - upload them in Facebook group Erasmus in Tallinn, TUT so everybody could see 😊

After intensive Friday some people had enough energy to enjoy tour in Old Town and also skating - for the ones who didn't manage to skate, there will be another skating event made by ESN Tallinn in few weeks!

And last but not least The Estonian Evening-chance to experience the Estonian culture by dancing our folk dances, listening estonians sing and also nice presentation and local snacks!

So now besides getting to know Estonia a bit more you also have an idea what to do/prepare for our monthly International Fusion partys when all of you will have a chance to introduce your country to fellow erasmus and local students from all over Tallinn!

TUT news:

4th of February will be a **crazy hair-style and hat party** in TUT's **Club Fusioon**. Prizes for the wierdest hats and hair-styles, donut eating competition, music from our universitys DJ's and energy for the whole semester!

11th of February(Thursday) takes place another student party from the series **PEOINSTITUUT** in **Club Prive**. This time the party is devoted to Mechanical Engineering and Social Sciences students (but of course everybody is welcomed)!

Also at the same night there is Valentines Day student party „**Tudengidate**“ in **Club Parlament**. Get a flyer, fill up the questionnaire and you might find a partner for life-time! Also the matched couples get cheaper movie tickets that evening.
